**This supplement implements and extends the guidance of AFI 11-2MC-130, Volume 1, 29 April 2015.** This supplement applies to all AETC units. This supplement does not apply to Air National Guard (ANG) units or Air Force Reserve Command (AFRC) units. Units may supplement this instruction. Each unit will coordinate its supplement with AETC/A3V before publication. See AFI 11-2MC-130, Volume 1, 29 April 2015, Attachment 1 for a glossary of the references and supporting information. Unless otherwise specified, AETC/A2/3/10 is the waiver authority for this supplement. For waivers to unit supplements, the unit generating the supplement will identify the waiver authority to that supplemental guidance. Submit suggested improvements to this instruction on AF Form 847, *Recommendation for Change of Publication*, through standardization and evaluation (stan/eval) channels, to AETC/A3V. References to forms within this instruction also equate to electronic products when authorized. Ensure that all records created as a result of processes prescribed in this publication are maintained in accordance with Air Force Manual (AFMAN) 33-363, *Management of Records*, and disposed of in accordance with Air Force Records Information Management System (AFRIMS) Records Disposition Schedule (RDS). The authorities to waive wing/unit level requirements in this publication are identified with a Tier ("T-0, T-1, T-2, T-3") number following the compliance statement. See AFI 33-360, *Publications and Forms Management*, for a description of the authorities associated with the Tier numbers. Submit requests for waivers through the chain of command to the

appropriate Tier waiver approval authority, or alternately, to the Publication OPR for non-tiered compliance items publications.
